Product certification system:

The ICC-ES product certification system includes testing samples taken from the market or supplier's stock, or a combination of both, to verify compliance with applicable codes and standards. The system also involves factory inspections, and assessment and surveillance of the supplier's quality system.

Product: Weather-Based Irrigation Controllers

Listee: Skydrop, LLC
2940 West Maple Loop Drive, Suite 303
Lehi, Utah 84043
www.skydrop.com

Compliance with the following standards:

EPA WaterSense Specification for Weather-Based Irrigation Controllers (Version 1.0, 11-03-11 edition)

Identification:

The packaging must bear the Skydrop name, the model number, the EPA WaterSense logo, and the name of the third-party inspection agency.

Installation:

Weather-Based Irrigation Controllers are to be installed in accordance with the manufacturer's instructions and the applicable code.

An instruction manual that lists the settings and specific parts used to meet the EPA Specification and the maximum number of stations for the product shall be included in product packaging and must be followed.

Models:

Brand Name: Skydrop

Certification Date	Model Number	Model Name	Product Type	Weather Data Source	Station or Zone Capacity	Additional Features and Info
03/01/2015	SDCRW1.0	Skydrop Smart Watering Sprinkler Controller, 8 Zone	Stand alone	Signal	16	

Conditions of listing:

1. The Skydrop models recognized in this listing must be installed in accordance with the manufacturer's published installation instructions and Section 404.1.2(3) of the IgCC or the applicable code(s).
2. Any instruction related to the maintenance of the product must direct the user on how to return the controller to smart mode. The product must not be packaged nor marked to encourage operation of the controller in standard mode.
3. The product, as packaged, must include the same components (excluding the base controller for add-on or plug-in devices) or attributes that it was tested with to meet the requirements of this EPA specification. For controllers with weather stations, sensors, or rainfall devices, all components tested with the controller must be packaged with the controller. For signal-based controllers, instructions on acquiring the proper weather signal shall be packaged with the controller.
4. The Skydrop models recognized in this listing are distributed by Skydrop, LLC, in Lehi, Utah, under a quality control program with an annual surveillance inspection by ICC-ES.
